8 - INFORMATION ON THE NATIONAL HIGHER EDUCATION SYSTEM

The basic structure of the Turkish National Education System consists of stages of noncompulsory pre-school education; compulsory primary (elementary and middle school) and secondary (high school) education, and higher education. Primary education begins at the age of £5 (66 months), lasts eight years and comprises elementary and middle school education, four years each. Secondary education is also four years and divided into two categories as "Ceneral High School Education". The entry into these categories is through composite scores obtained from a

contratized exam for secondary schools, Higher Education (CoHE, Yükseköğretim Kurulu-YÖK) which is an autonomous public body Higher education system in Turkey is managed by the Council of Higher Education (CoHE, Yükseköğretim Kurulu-YÖK) which is an autonomous public body responsible for the planning, coordination, governance and supervision of higher education, thin the provisions set forth in the Constitution of the Turkish Republic and the Higher Education Law. Both state and non-profit foundation universities are founded by lew and subjected to the Higher Education Law and to the regulations enacted in accordance with it.

In the segulations enacted in accordance with it.

Higher education in Turkey comprehess all pots secondary higher education programmes, consisting of short, first, second, and third oyed degrees in terms of the seminology of the Bologia Process. The structure of Turkish Higher education programmes is based on a two-life system, except for dentity, pharmacy, the seminology of the Bologia Process. The structure of Turkish Higher education programmes.

the terminology of the Bologna Process. The structure of Turkish higher education degrees is based on a two-fer system, except for denistry, pharmacy, maddine and veterinary medicine programmes is the years (300 ECTS). One CTTS, and an an end-air system. The duration of these one-tier programmes is the years (300 ECTS) 300 ECTS) accept for medicine which lasts six years (360 ECTS). The qualifications in these one-tier programmes are equivalent to the first cycle (bachelor's) plus second cycle (master's) degree. Undergraduate level of study consists of short cycle (associate's) Foliasns dereces) and first cycle (bachelor's)-(lisans dereces) degrees which are awarded after successful completion of thi-time two-year (120 ECTS) and four-year (240 ECTS) aut (buy programmes, respectively. Graduate level of study consists of second cycle inmaster's)-(vitics is second cycle in master) developed in the sub-types named as master without thesis and master with thesis. Master orgammes without thesis require 60 to 90 ECTS credits, which consists of courses, a seninar, and a thesis. The master completed having aarmed a minimum of 180 ECTS credits, which consists of courses, a seninar, and a thesis. The master completed having aarmed a mandar minimum of 180 ECTS credits, which consists of courses, assing a proficiency examination and a doctoral thesis. Possible and a sequivalent to third cycle programmes are carried out within the faculties of medicine, university hospitals and the training hospitals and which with the side of the faculties of medicine, university hospitals and the training hospitals and the side of the side

training hospitals operated by the Ministry of Health.

Universities consist of graduate schools finstitutes) offering second cycle (master's) and third cycle (doctorate) degree programmes, faculities offering first cycle (bachelor's) degree programmes, four-year higher schools offering first cycle (bachelor's) degree programmes, four-year higher schools offering first cycle (bachelor's) degree programmes, four-year higher schools offering first cycle (bachelor's) degree programmes of a strictly vocational schools offering short cycle (associate's) degree programmes of a strictly vocational nature.

Since 2003, first tycle degree holders may apply directly to third cycle (doctorate) programmes if their performance at the first cycle degree level is second to the cycle degree holders may apply directly to third cycle (doctorate) programmes if their performance at the first cycle degree holders may apply directly to third cycle degree holders may apply directly to the degree programmes if their performance at the first cycle degree holders may apply directly to the degree holders apply directly to the

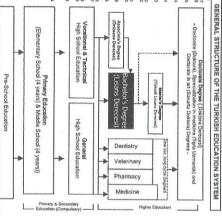

students, theoretical part of the programmes requires additional courses of 86 ECTs credits.

Admission of national students to short and first cycle degree programmes is centralized and based on a nationwide one/two-stage examination(s) conducted the part authoromous public body (Assessment, Selection and Placemant Centre-OSYM), Candidates gain access to institutions of higher education based on their composite scores consisting of the scores on the selection assantiation and their high school grade point averages. Admission to graduate programmes is directly conducted by the higher education in stitutions (FIEIs) within the frameworks of the publicly available national and institutional regulations. Admission of foreign students to programmes at all levels of higher education can be done by direct applications of candidates to HEIs based on publicly available national and institutional regulations.

The Turklish National Qualifications Framework for Higher Education (TYVC): The National Qualifications framework or Higher Education (TYVC): The National Qualifications framework to the CFT for European the Telloration programmes as apprint by the COHE in 2010. The tramework has been developed as a part of a single national qualifications framework, which would eventually consists of 8 level national framework covering all levels of educations on completion of the ongoing works at the national level, in which the higher education levels is on the set between 5 to 8. The fevel of the TYYC, with reference to the European overarching qualifications frameworks as well as that to ECTS credits and student workload are shown below.

Diploma Supplement

ERSOY UNIVERSITY BURDUR MEHMET AKIF

Phone: +90 248 213 1000 Fax: +90 248 212 2718 Burdur Mehmet Akif Ersoy University

Diploma Number:

2.B1.18.

01.07.2022

Diploma Date : 2.B1.18. Diploma Supplement Number:

This Diploma Supplement follows the model developed by the European Commission, Council of Europe and UNESCO/CEPES. The purpose of the supplement is to provide sufficient independent data to improve the international transparency and fair scademic and professional recognition of qualification (diplomas, degrees, certificates etc.). It is designed to provide a description of the nature, level, context, content and the status of the studies that were pursued and successfully completed by the individual named on the original qualification to which this supplement is appended. It should be free from any value judgements, equivalence statements or suggestions about recognition. Information in all eight sections should be previously the provided of the provided. Where information is not provided, an explanation should give the reason why.

1. INFORMATION IDENTIFYING THE HOLDER OF THE QUALIFICATION

1.1. Family name(s)

1.4. Student identification number or code (if available)

181180

1.2. Given name(s)

1.3. Date of birth (day/month/year)

2.1. Name of qualification (if applicable)2.2 Main field(s) of study for the qualification

: Acil Yardım ve Afet Yönetimi, Lisans : Emergancy Aid and Disaster Management, First Cycle

2. INFORMATION IDENTIFYING THE QUALIFICATION

2.3. Name and status of awarding institution Burdur Mehmet Akif Ersoy Üniversitesi, Devlet Ünivers Burdur Mehmet Akif Ersoy University, State University

Name and status of institution administering studies
 Language(s) of instruction/examination

: Turkish

Same as 2.3

3. INFORMATION ON THE LEVEL OF THE QUALIFICATION

3.1. Level of qualification

3.3. Access requirement(s) 3.2. Official length of programme

> : 4 years,(240 ECTS Credits) : First Cycle (Bachelor's Degree)

High School Diploma
Placement through a centralized national university placement examination

4. INFORMATION ON THE CONTENTS AND RESULTS GAINED

: Full-time

4.1. Mode of Study

4.2. Programme requirements Formal education

To train professional disaster managers in national and international level.

Key Programme Qualification / Key Learning Outcomes of the Programme:

Upon successful completion of the programme, the student;

1 - To perform the best applications of occupational health, individual hygiene, safety and general practices in the field of

emergency medical treatment

2 - To have analytical thinking skills and they can transfer effectively cognitive concepts

3 - To perform the best applications of individual safety, equipment using, teamwork and general practices in the field of fire

figting and fire safety

4 - To know the effects of disaster management on the population, culture and natural environment

5 - To use foreign language knowledge in the intermediate and upper intermediate 6 - To use their advanced theoretical and practical knowledge in the field of search and rescue and disaster management
